Website Development Services Agreement

Custom dropshipping website for corecore.com — Laravel backend, Blade front-end, CJ Dropshipping & PayPal integration

Client Mr. Harminder Singh · corecore.com	Service Provider Dawki Infotech Pvt. Ltd.	Effective Date 10 August 2026
---	---	---

This Agreement is made on **10 August 2026** between **Dawki Infotech Pvt. Ltd.**, B-222, Layak Ram Complex, Badarpur, New Delhi ("**Dawki**") and **Mr. Harminder Singh**, proprietor of the website **www.corecore.com** ("**Client**"). Dawki agrees to design, develop and deliver a custom dropshipping e-commerce website for the Client on the terms below.

1. Scope of Services

Dawki shall develop a **custom dropshipping e-commerce website** for the Client as detailed in **Schedule A**. The **backend will be built on Laravel** and the **front-end on Blade templates using HTML, CSS and JavaScript**. The existing website design is already prepared by the Client; Dawki's design work is limited to **light enhancement and refinement** of that existing design and does not include creating a new design from scratch. **Any work not expressly listed in Schedule A is outside the scope of this Agreement and will be quoted and billed separately.**

2. Timeline & Delivery

Work commences on receipt of the advance payment. The **first look of the website shall be made ready within 1 (one) week** of the advance payment and receipt of the Client's design files, content and access credentials. Remaining development, integrations and product setup follow thereafter in stages. **Timelines are extended day-for-day** for any delay in the Client's inputs, approvals, payments, or third-party account access.

3. Fees & Payment

The project fee is as set out in the **proposal accepted by the Client**, which is deemed part of this Agreement. The fee is payable as **50% in advance before work begins and 50% on completion of the work, before final handover and go-live. Work commences only after the advance is received.** Invoices are due within **7 days**; overdue amounts carry interest at **1.5% per month**, and Dawki may **suspend work and withhold delivery until all dues are cleared**. All amounts paid are **non-refundable** once the corresponding stage of work has commenced.

4. Hosting, Domain & Third-Party Costs

Dawki shall provide **Hostinger server/hosting free of cost for a period of 1 (one) year** from the date the website goes live. **After 1 year, hosting renewal is the Client's responsibility** and is payable at the prevailing charges, or the website may be migrated to a server of the Client's choice. The **domain www.corecore.com shall be registered and owned in the Client's name**, and its registration and renewal charges are borne by the Client. All other third-party costs — including the PayPal account and its transaction fees, the CJ Dropshipping account, product cost, shipping cost, SMTP/email service charges, and any paid plugin, theme or licence — are **paid by the Client directly at actuals and are not included in the fee**.

5. Payment Gateway & CJ Dropshipping

Dawki shall **integrate PayPal as the payment gateway using the Client's own PayPal account** and shall integrate the CJ Dropshipping API into the website. **All operational matters on CJ Dropshipping — including payments to CJ, product cost, shipping, order fulfilment, returns and refunds — are handled entirely by the Client. Dawki has no role, responsibility or liability whatsoever in these matters.** Dawki is likewise not responsible for any suspension, restriction, hold or fee imposed by PayPal, CJ Dropshipping or any other third-party platform on the Client's accounts.

6. Product Listing

The **Client shall provide the complete list of products to be added**, together with product titles, descriptions, images, variants and selling prices. **Dawki's role is limited to adding those products to the website** as instructed. Dawki does not source products, write product content, or select or verify suppliers, and is not responsible for the accuracy, legality or availability of any product information supplied by the Client.

7. Handover & No Post-Handover Obligation

On completion and receipt of the full fee, Dawki shall hand over the website to the Client and provide **one (1) walkthrough session** demonstrating how the website and admin panel operate. **After such handover, Dawki shall have no further role, obligation or responsibility in respect of the website** — including its operation, content, orders, hosting management after the free year, updates, maintenance or support. Any subsequent work, change, new feature, maintenance or support shall be **quoted and charged separately** under a fresh written arrangement.

8. Client Responsibilities, Approvals & Indemnity

The Client shall provide timely design files, product data, content, brand assets, domain access, and PayPal, CJ Dropshipping and SMTP credentials, and shall respond to approval requests promptly. **Client delays do not entitle the Client to any refund or fee reduction.** Any deliverable not rejected in writing with specific reasons **within 7 days** of submission is **deemed accepted**, and Dawki bears no liability for items so accepted. The Client warrants that all materials supplied are lawful and that it holds the necessary rights, and shall **indemnify and hold Dawki harmless** against any claim, loss or penalty arising from those materials, from products sold through the website, or from the Client's use of third-party platforms.

9. Confidentiality, Data & Intellectual Property

Each party shall keep the other's confidential information confidential; this obligation survives termination. Personal data shall be handled in accordance with the **Digital Personal Data Protection Act, 2023**, and all customer and order data belongs to the Client. **Intellectual property in the deliverables transfers to the Client upon receipt of the full fee**; until then all work product remains Dawki's property. Dawki's pre-existing code, frameworks, tools and know-how remain Dawki's property, and Dawki may showcase the completed website in its portfolio unless the Client opts out in writing.

10. Limitation of Liability & Termination

Dawki's total liability under this Agreement, whatever the cause, is **limited to the amount actually paid by the Client to Dawki under this Agreement**, and Dawki shall **not be liable for any indirect, incidental or consequential loss**, including loss of profit, data or business. Either party may terminate on **30 days' written notice**, or immediately for a material breach not cured within **15 days** of written notice. On termination, **fees for work already rendered remain payable**, the advance is forfeited, and access to work-in-progress is withdrawn.

11. Governing Law

This Agreement is governed by the laws of India and is subject to the **exclusive jurisdiction of the courts at Delhi**. It constitutes the entire agreement between the parties and supersedes all prior discussions, quotations and proposals. **No amendment is valid unless made in writing** and signed by both parties.
